ABOUT US

First City University College has been a trusted private higher education provider in Malaysia since 1990.

For over three decades, the institution has consistently offered affordable and high-quality higher education to both Malaysian and international students.

First City University College offers future-proof, industry-driven programmes and they are accredited by the Malaysian Qualifications Agency (MQA) and relevant professional bodies.

First City University College's students are reputed to be highly employable as they are prepared to be future-proof and globally competitive.

With an exemplary track record of providing private higher education of high quality in Malaysia, First City University College achieved a "Competitive" rating under the Integrated Rating of Malaysian Higher Education Institutions - SETARA by the Ministry of Higher Education, Malaysia. This accolade reflects the institution's steadfast commitment to maintaining a standard of excellence in private higher education in Malaysia.

WHY CHOOSE FIRST CITY UNIVERSITY COLLEGE?

- ✓ **Industry-driven and future-proof programmes**
- ✓ **Strong industry linkages**
- ✓ **Internationally recognized qualifications**
- ✓ **Global employability**
- ✓ **Outstanding student achievements and awards**
- ✓ **Global alumni network**
Successful professionals, entrepreneurs, and industry award winners
- ✓ **Nurturing and supportive learning environment**
- ✓ **Conducive and serene campus environment**
- ✓ **Ideal campus location**
Nestled in the vibrant township and bustling commercial district of Bandar Utama, Petaling Jaya
- Excellent lifestyle hub** - Abundant recreational, leisure, and entertainment facilities in proximity
- Excellent connectivity and accessibility**, including MRT, e-hailing services, and a convenient Shuttle Bus system.

PROGRAMMES

BUSINESS, HOSPITALITY & COMMUNICATION

Doctor of Philosophy (PhD) In Management (By Research)

R/0414/8/0038 (MQA-PA16839)

Master of Business Administration

R/0414/7/0086(MQA/FA6199)08/27

FACULTY OF BUSINESS, HOSPITALITY & COMMUNICATION

Our core mission is to nurture and educate students, shaping them into the **business leaders of the future.**

The Faculty of Business, Hospitality & Communication provides a range of programmes in Accounting & Finance, Business Management, Marketing, Media & Communication, Hospitality & Hotel Management at Foundation, Diploma, Bachelor, and Master levels, all tailored to meet industry standards. With over three decades of experience, the Faculty has built a strong reputation for producing highly skilled and employable graduates, including those who have succeeded as entrepreneurs.

Our core mission is to nurture and educate students, shaping them into the business leaders of the future. We ensure that our students acquire the essential knowledge and skills necessary to analyze and navigate the constantly evolving business landscape. The notable achievements of our graduates are a testament to the high-quality holistic education and training they receive.

CAREER OPPORTUNITIES

ACCOUNTING & FINANCE

- Corporate Accounting
- Public Sector Accounting
- Audit
- Taxation
- Retail Banking
- Investment Banking
- Finance
- Wealth & Asset Management

BUSINESS MANAGEMENT

- Business Consultancy
- Retail
- Service
- Human Resource
- Operations
- Logistics & Supply Chain
- Customer Relations

MARKETING

- Marketing
- Sales and Service
- Customer Relationship
- Retail
- Advertising
- Media Relations
- Public Relations

MASS COMMUNICATION

- Media
- Corporate Communications
- Advertising
- Public Relations Marketing
- Event Management
- Broadcasting
- Journalism

HOSPITALITY & HOTEL MANAGEMENT

- Hotel & Resort Management
- Food & Beverage
- Event Management
- Travel & Tour Management
- Entertainment & Recreation
- Marketing & Sales Management

FACULTY OF DESIGN & BUILT ENVIRONMENT

A photograph of two young women in an art studio. The woman on the left is wearing a brown sweater and is smiling while looking at a drawing on an easel. The woman on the right is wearing a white t-shirt with a red logo and khaki pants, holding a pencil and pointing at the drawing. The background shows other art supplies and a whiteboard.

Our well-equipped facilities include spacious studios, cutting-edge computer hardware and software, state-of-the-art design laboratories and studios, workshops, and a diverse array of equipment.

The Faculty of Design & Built Environment takes pride in its teaching faculty, comprised of seasoned professionals with extensive experience in both education and industry. Leveraging years of collaborative partnerships with well-regarded UK universities, we integrate the best of British design education, tailoring it to meet local needs and expectations. This approach ensures that students gain cutting-edge design capabilities, enhancing their employability to the fullest.

Our well-equipped facilities include spacious studios, cutting-edge computer hardware and software, state-of-the-art design laboratories and studios, workshops, and a diverse array of equipment. These resources are strategically designed and made available to facilitate the learning process, empowering students to develop practical skills and evolve into proficient and professional designers.

CAREER OPPORTUNITIES

GRAPHIC DESIGN

- Graphic Design
- Advertising
- Print Design
- Packaging Design
- Publication Design
- Branding & Identity Design
- Social Media Marketing
- Exhibition & Production
- Design Consultancy
- Publishing & Print
- New Media & Motion Graphics
- Social Media Management
- Post-Production
- Visual Merchandising
- Branding and Identity
- Illustration
- Packaging Design

FACULTY OF ENGINEERING & COMPUTING

A photograph of a diverse group of students in a computer lab. They are sitting at desks, working on computers. The students are smiling and looking towards the camera. The background is a bright, modern classroom or lab setting with large windows and white walls. The image is partially obscured by a blue diagonal graphic element in the bottom left corner.

The Faculty has
consistently produced
highly qualified and
employable graduates
in the fields of
engineering and
computing.

The Faculty of Engineering & Computing provides industry-driven engineering and computing programmes at Foundation, Diploma, Bachelor, and Master levels, tailored to meet industry standards. With a reputable history spanning over 30 years, the Faculty has consistently produced highly qualified and employable graduates in the fields of engineering and computing, including those who have excelled as entrepreneurs.

Our approach involves integrating advanced tools and software into the curriculum to enable students to:

- Experiment and cultivate practical skills, ensuring they graduate as industry-ready professionals.
- Develop skills and knowledge to interpret their environment and engage in professional conduct.
- Cultivate the ability to learn and adapt to the challenges posed by Industry 4.0, cloud computing, big data analytics, and the Internet of Things.
- Acquire the essential traits of certified engineers and innovative IT professionals.

CAREER OPPORTUNITIES

COMPUTER SCIENCE (INTELLIGENCE SYSTEM)

- Artificial Intelligence Design
- IoT Integration Systems
- Business Decision Systems
- Mobile Application Development
- Information Analysis
- Natural Language Programming Development
- Back-end Game Development
- Intelligent Cloud Systems

SOFTWARE ENGINEERING

- Software Design & Development
- Cloud Computing
- IoT Systems Programming
- Mobile Application Development
- Systems Analysis & Design
- Web Development
- Network Design, Integration & Maintenance
- Database Administration & IT Consultancy

INFORMATION TECHNOLOGY

- Information Technology
- Networking & Security
- Software Development
- Computer and System Support
- Database Administration
- Mobile Applications
- Web Design & E-Commerce
- Multimedia Application Development

INFORMATION TECHNOLOGY (NETWORKING AND SECURITY)

- Cyber Security
- Network Administration
- Network Maintenance
- IT Infrastructure
- Data Centre Infrastructure
- Network Consultancy
- Network Analysis
- Network and Security Policy Analysis and Management

INFORMATION SYSTEMS IN BUSINESS MANAGEMENT

- Business Analysis
- Big Data Analysis
- Information Systems Development
- Information Systems Analysis
- Business Applications Development
- Web Development
- Database Administration
- Information Systems Management

ELECTRONIC ENGINEERING

- Electronic Systems Engineering
- Microchips Design
- Communication & Wireless/ 5G Engineering
- Maintenance & Reliability Test Engineering
- Project & Process Engineering
- Mechatronics & IoT Systems Engineering
- Radio frequency (RF) Engineering
- Automation, Instrumentation and control engineering

MECHANICAL ENGINEERING

- Mechanical & Automotive Engineering
- Manufacturing Engineering
- Bio Medical Engineering
- Design & Test Engineering
- Project / Site Engineering
- Automation Engineering
- Engineering Consultancy
- Construction Engineering

MECHATRONICS

Robotics	Engineering Testing
Automation	Quality Control
Manufacturing	Process Engineering
Production	

CENTRE FOR LANGUAGE & EXTENSION SERVICE

The Intensive English Programme (IEP) is specifically designed to cater to students' proficiency needs in the English Language. The comprehensive content and programme structure emphasize general and academic English skills through modules such as Listening, Speaking, Reading, and Writing. It equips students with the necessary skills to enable them to write and communicate well in English during their tertiary education at First City University College and at work after graduation.

The programme prepares students to sit for the IELTS (International English Language Testing System) exam which meets the language entry requirement for many higher education institutions worldwide. Students will be exposed to the effective test-taking strategies and time management skills needed to be able to perform well in the test.

IELTS Preparatory Workshops can also be arranged upon request at any point in the programme to further reinforce the skills and strategies needed for the students to perform well in the IELTS exam.

All applicants for the Intensive English Programme are required to sit for an English Placement Test at the point of entry for appropriate placement level.

A NURTURING & SUPPORTIVE LEARNING ENVIRONMENT

Creating a nurturing and supportive environment is critical for facilitating optimal learning experiences. At First City University College we have designed our learning environment to inspire and motivate our students while also encouraging them to explore their full potential.

With an environment as such, our students feel valued and respected, which boosts their confidence and helps them develop a sense of belonging. This learning environment will also lead them to greater creativity where critical thinking and problem-solving skills are essential for their academic success.

Our learning environment also fosters a sense of community and collaboration, where students can work together, share ideas, and support each other in their learning journey. This results in the students being more engaged and invested in their learning, leading to optimal learning outcomes.

CONDUCTIVE & SERENE CAMPUS ENVIRONMENT

First City University College's well-equipped, eco-friendly campus sits on a prime 13-acre land in Bandar Utama in Petaling Jaya, Selangor.

While the green campus is situated adjacent to the bustling and vibrant Bandar Utama City Centre, students can expect beautiful, serene surroundings as they step foot on the campus. The calm environment is conducive for students to stay focused and excel in their studies.

First City University College provides a safe, nurturing and stimulating campus environment for students to receive the best of their tertiary education.
